

Science, Christianity, and the Meaning of Success

6th May

Discussion questions *

- Q1 What do you want to achieve by your work?
- Q2 ** Where do you think God would have you stand, and what do you think He would have you do?
- Q3 In your own field, what is the measure by which people line themselves up?
- Q4 How can we think about success in non-relative terms?
- Q5 How can we think about success in collective (non-reductionist) terms?
- Q6 What steps can we take to change the culture of your workplace for the better?
- Q7 Name one thing you will do differently next week, having attended today's seminar.

** These are slightly modified from the ones used at the seminar, following feedback from participants.

** This is a bonus question for Christians. If you are not a Christian, skip straight to Q3. If you *are* a Christian, you might also consider the *bonus* bonus question, Q2b, is "Is your answer to Q1 in any way related to Q2?"
