

## **Discussion Questions**

**for “Technology and Human Nature:  
Is it ethical to use technology to enhance our bodies and minds?  
Should we change our fundamental human nature?”**

**Prof John Wyatt**

**Redeeming Technology, Session 2.**

**2<sup>nd</sup> December 2017**

1. What are some of the social forces, philosophical ideas and cultural trends which lie behind the modern interest in using technology to modify and enhance our human nature?
2. Is it possible to draw a distinction between restorative technology and enhancing technology when applied to the human body? Can you identify problems with maintaining this distinction?
3. To what extent can technology be seen as a means of creating a better and more perfect humanity, and from a Christian perspective seen as a way of bringing the new creation into existence?
